Comment:

a. Antiaircraft artillery units departing from the Letzling Heath were still observed up to 16 September 1949. The following units were entrained:

(1) Component units of the 13th AAA Div (on three trains). Supplementary information was reported by another source (B) from WEIMAR, stating that about 1,400 troops (according to motor vehicle numbers component units of the 13th AAA Div) returned to the WEIMAR kasernes from maneuvers in mid-September 1949.

(2) Component units of the ? No. AAA Div (Cadre) of the Third G3s Mecz Army (Cadre) from the JUETERBOG-LUCKENWALDER area.

b. According to another report\*, however, firing practices at air targets were still conducted in the northern part of the Letzling Heath in early September 1949.
